

A.T.S. ELECTRO-LUBE INTERNATIONAL INC.

QUALITY ASSURANCE MANUAL

QUALITY POLICY STATEMENT

A.T.S. Electro-Lube International Inc. is committed to satisfying customer needs by providing first class automatic electronic lubrication dispensers on the leading edge of technology in the most effective and profitable manner possible. We have products certified for use in hazardous areas and are compliant with ATEX directive 2014/34/EU & IECEx for sale in Europe. Products are produced to the certified design and are compliant with Ex Certificate and Technical Documentation. Every level of operation conforms fully to our customers' expectations, which in turn, ensures the future growth and prosperity of A.T.S. Electro-Lube International Inc.

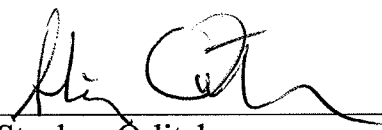

We achieve our goals by maintaining an effective and efficient quality management system, through which our corporate and departmental objectives and targets are established and our measured performance is routinely evaluated. The quality function is an integral part of all our day-to-day activities and remains the focus of our attention at all times. Every employee is a valued member of our team and is accountable for ensuring conformance to our written procedures, and contributing towards continually improving our overall performance.

The quality management system of A.T.S. Electro-Lube International Inc. is based upon the requirements of ISO 9001:2015 and IEC 80079-34:2011 and is intended to assist our customers in assessing our capability of meeting their requirements.
